

Message System Tour

When activated a once-off tour will be displayed when a learner views their first course.

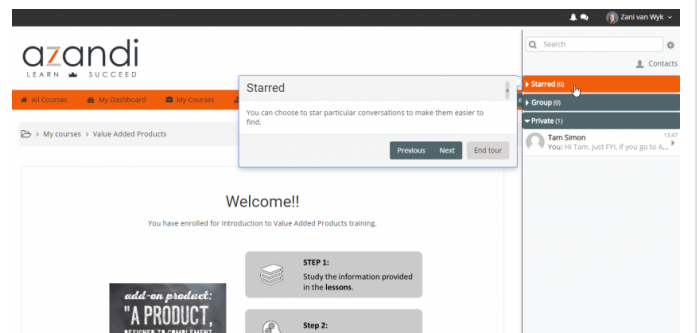

Customisation options of the Message System Tour

Multiple tour windows can be inserted to enhance learner experience and explain or point out platform features.

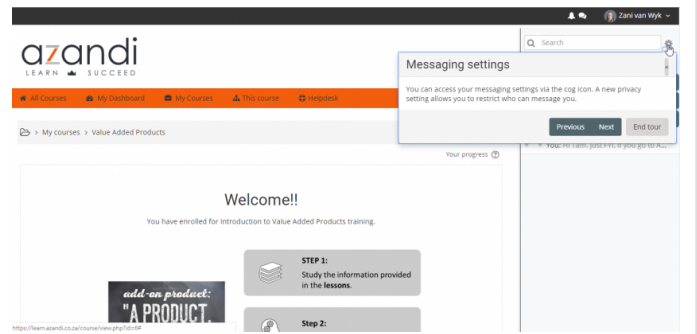

The following Message System Tour locations are available:

Location:	Preview:
Middle of the page	
Message icon (Message drawer toggle)	
Group message option	

Starred message option

Message settings icon

Revision #3
